- **ADVANTAGES**

My English is good among peers in China.

I got my driving license at the age of 18.

I will focus on what I love, even ignore the time and the meals.

I am friendly and willing to listen to others' different opinions.

- **WHAT I AM DOING**

I am spending a lot of time studying mathematics because I realize that mathematics plays a key role in Computer Science.

I am planning to set up WordPress Lover Club in my university.

I am designing and develop a program concerning library management with two of my classmates.

- **WHAT I WANT TO DO IF GIVEN CHANCE**

Study abroad to widen my horizon and make my English better.

Work as an assistant in laboratory to do some research in Artificial Intelligence.

Start a business with the help of computer.

Visit around the world to experience difference cultures.

Improve my speech ability.
